INTERNATIONAL PRELIMINARY EXAMINATION REPORT

International application	No.
PCT/US03/00085	

I.	Basis of the report	
1.	With regard to the elements of the international application:*	
	the international application as originally filed.	
	the description:	
	pages 1-12 as originally filed	
	pages NONE , filed with the demand	
	pages NONE , filed with the letter of	
	the claims:	
	pages 13 and 14 , as originally filed	
	pages NONE , as amended (together with any statement) under Article 19	
	pages NONE, filed with the demand	
	pages NONE , filed with the letter of	
	the drawings:	
	pages 1-4, as originally filed	
	pages NONE , filed with the demand	
	pages NONE , filed with the letter of	
	the sequence listing part of the description:	
	pages NONE , as originally filed	
	pages NONE , filed with the demand pages NONE , filed with the letter of	
2	With regard to the language, all the elements marked above were available or furnished to this Author	its in the
۷.	anguage in which the international application was filed, unless otherwise indicated under this item.	ity in the
	These elements were available or furnished to this Authority in the following language which is:	
	the language of a translation furnished for the purposes of international search (under Rule23.1(b)	<i>1</i>)
	the language of publication of the international application (under Rule 48.3(b)).	, , ,
		<i>(</i>
	the language of the translation furnished for the purposes of international preliminary examination 55.2 and/or 55.3).	i(under Rules
2	With regard to any nucleotide and/or amino acid sequence disclosed in the international application,	tha .
٥.	nternational preliminary examination was carried out on the basis of the sequence listing:	ше
	contained in the international application in printed form.	
	filed together with the international application in computer readable form.	
	furnished subsequently to this Authority in written form.	
	furnished subsequently to this Authority in computer readable form.	
	The statement that the subsequently furnished written sequence listing does not go beyond the disc	closure in the
	international application as filed has been furnished.	
	The statement that the information recorded in computer readable form is identical to the written	sequence listing
	has been furnished.	sequence fisting
4.	The amendments have resulted in the cancellation of	
		•
	the description, pages NONE	
	the claims, Nos. NONE	
	the drawings, sheets/fig NONE	
5.	This report has been established as if (some of) the amendments had not been made, since they have been co	onsidered to go
*	beyond the disclosure as filed, as indicated in the Supplemental Box (Rule 70.2(c)).** eplacement sheets which have been furnished to the receiving Office in response to an invitation under Article 14	are referred to in
thi	report as "originally filed" and are not annexed to this report since they do not contain amendments (Rules 70.16 The replacement sheet containing such amendments must be referred to under item 1 and annexed to this report.
